Why WASP

WASP fully funds flight training for local high school students pursuing their Private Pilot License. Your support helps students take their first steps toward becoming pilots and helps strengthen our community and serving the nation.

“The financial support of WASP turned my childhood dream into a reality, and my aviation career took off thanks to the mentorship and training I received. As I continue to fly higher and faster jets for our Air Force, I look back fondly on where it all started at Waltrip Williamsburg and the community of seasoned aviators who helped me along the way.”

– Josiah Hughes, WASP class of 2020, USAFA Grad, USAF Pilot

Honoring Larry T. Waltrip

This year’s tournament honors Larry T. Waltrip who has been a driving force in the success of the Williamsburg Aviation Scholarship Program, the Waltrip Williamsburg Executive Airport and the greater Williamsburg community.
